

The World's Largest Baseball Safety Netting System

The Big League Dreams Baseball Barrier Netting Systems were designed and installed by NETServices in conjunction with Coastal Netting Systems and Engel & Company, Structural Engineers. Coastal provided the steel poles, and Engel provided structural engineering to facilitate the delivery of 181 steel poles designed to support nearly 400,000 S/F of netting (a total of 6,830 L/F). NETServices' crews installed 181 steel poles within a 6 day period, maintaining a demanding construction schedule that was executed flawlessly.

Sports World Customer References

"This was Roche's first time working with NETServices and you did a fantastic job of cooperating, planning, and scheduling. What impressed me the most was your detailed attention to planning and communication, which resulted in the execution, down to the day, of the very aggressive schedule that you had submitted. The way your crew came in and set the number of poles in the time they did was truly impressive."
Doug Olson – Senior Project Manager / Roche Constructors, Inc.

"In many aspects it was a very complex and awesome construction project. However, due to the diligence, concentrated and assertive efforts of NETServices and all of its dedicated employees, a successful completion was attained. Dan, your entire staff was exceptional in the performance required and teamwork necessary to bring this project to reality, and we look forward to working with you on many more projects in the future."
John W. Dixon - Dallas- Ft. Worth Division President / Manhattan Construction (Regarding work at the new Cowboys Stadium – Arlington, TX)

"NETServices and their personnel, both in the office and the field were professional and efficient throughout the entire design and construction process. I was particularly impressed with the site personnel's efficiency and ability to make adjustments in the field to ensure the project was finished on schedule and at budget. In addition, NETServices ability to communicate and work productively with our design team and other sub contractors on site, was a welcome contribution to the successful completion of the Big League Dreams Sports Park in Mansfield, TX."
Darrel Durant – President / Pete Durant & Associates

"With 37 years of experience in this profession I cannot remember a project that went so smoothly. You said what you were going to do and you did what you said you would. There were no change orders or surprises thanks to your excellent coordination and communication skills."
Jim Dumont – Project Manager / City of Walla Walla, WA
